ABSTRACT (English)	v
ABSTRACT (Thai)	vi
LIST OF TABLES	xii
LIST OF FIGURES	xiv
LIST OF ABBREVIATIONS	xvi
CHAPTER I INTRODUCTION	1
1.1 Background of study.....	1
1.2 Research rationales.....	2
1.3 Significant of the study.....	2
1.4 Research questions.....	3
1.5 Objectives of the research.....	3
1.6 Research conceptual framework.....	4
1.7 Research benefits.....	5
1.8 Scope and limitations of the research.....	5
CHAPTER II LITERATURE REVIEW	6
2.1 Overview of study area.....	6
2.1.1 General situation of Battambang.....	6
2.1.2 General situation of Pailin.....	6
2.1.3 Cassava in Battambang and Pailin.....	7
2.2 General information on cassava.....	7
2.2.1 General information on cassava.....	7
2.2.2 Cassava morphology.....	8
2.2.3 The 4R nutrient Stewardship concept.....	8
2.2.4 World cassava production.....	10
2.2.5 World export of cassava production.....	12

2.2.4 World cassava production.....	10
2.2.5 World export of cassava production	12
2.3 Present situation of cassava production in Cambodia	12
2.3.1 Cassava production	12
2.3.2 Cassava varieties	13
2.3.3 Cassava propagation	14
2.3.4 Pest and disease issues	14
2.3.5 Cassava myths and realities	17
2.3.6 Yield gap cassava production	19
2.3.7 Extension system of cassava.....	19
2.3.8 Cassava exporting	20
2.4 Value chain theory	22
2.4.1 Definition of value chain	22
2.4.2 Concepts of value chain	22
2.5 Handbook and research papers in Cambodia	23
2.5.1 Cassava value chain analysis	23
2.5.2 Cassava product flows and roles of market participants.....	24
2.5.3 Economic analysis of cassava production.....	25
2.5.4 Breakeven point	26
2.5.5 Use of labor in farm production.....	26
2.5.6 Cost of cassava production	27
2.5.7 Cassava value chain analysis inclusive business model for promoting sustainable smallholder cassava production	29
2.6 Handbook and research papers in others countries	29
2.6.1 The Study of cassava supply chain in Kanchanaburi Thailand	29
2.6.2 Advancing smallholders' sustainable livelihood through linkages among stakeholders in the cassava value chain: the case of Dak Lak Province, Vietnam	30
2.6.3 Evaluation of income and employment generation from cassava value chain in the Nigerian agricultural sector.....	30
CHAPTER III RESEARCH METHODOLOGY	31
3.1 Selection of the study areas	31
3.2 Sampling method.....	32

3.3 Data collection.....	33
3.3.1 Secondary data	34
3.3.2 Primary data	34
3.3.3 Research design	35
3.4 Data analysis	36
CHAPTER IV RESULTS AND DISCUSSION	39
4.1 Cassava value chain distribution channel in border	39
4.1.1 Key stakeholders in the cassava value chain	39
4.1.2 Cassava marketing mapping in the border	40
4.2 Demographic characteristic of cassava farmers	41
4.2.1 Age of head of households.....	41
4.2.2 Education of head households	41
4.2.3 Ownership of the land of households.....	42
4.2.4 Land size for cassava farming.....	43
4.2.5 Households size of cassava farmers.....	43
4.2.6 Farming experiences of cassava farmers	44
4.3 Agricultural practices of cassava farmers.....	47
4.3.1 Land preparing	47
4.3.2 Land use	47
4.3.3 Cassava varieties.....	48
4.3.4 Source of cassava stems.....	49
4.3.5 Method of planting.....	50
4.3.6 Fertilizer using	51
4.3.7 Weed controlling.....	53
4.3.8 Pesticide usage	54
4.4 Cassava yield of cassava farmers	55
4.4.1 Cassava yield	55
4.4.2 Cassava yield gap.....	57
4.4.3 Factors affecting cassava yield	58
4.5 Sale prices of cassava	60
4.5.1 Fresh root cassava	60
4.5.2 Dried chip cassava	60

4.5.3 Prices gap for cassava farmers.....	61
4.6 Capital of cassava farmers.....	63
4.6.1 Capital source.....	63
4.6.2 Fixed cost analysis.....	63
4.6.3 Cost production analysis on fresh root.....	64
4.6.4 Cost production analysis on cassava dried chip.....	66
4.6.5 Value add on cassava production.....	69
4.6.6 Breakeven point analysis on cassava production.....	71
4.6.7 Value added of transporters.....	74
4.6.8 Value added of silos with the transformation dried chip.....	75
4.6.9 Value added and gross profit sharing for the stakeholders.....	77
4.7 Constraint of cassava farmers.....	79
4.7.1 Before planting.....	79
4.7.2 Maintenance.....	79
4.7.3 Harvesting.....	80
4.8 SWOT analysis on cassava chain.....	81
CHAPTER V CONCLUSION AND RECOMMENDATION	84
5.1 Conclusion.....	84
5.2 Recommendation.....	85
REFERENCES	87
APPENDICES	95
Appendix A: Distribution of crop calendar's cassava farmers.....	95
Appendix B: Breakeven analysis formulas for cassava production.....	96
Appendix C: Questionnaire for Cassava Producers.....	98
Appendix D: Questionnaire for Cassava traders.....	106
Appendix E: Guide Question for Input Supplier.....	112
Appendix F: Pictures of research activities.....	114
BIOGRAPHY	119

LIST OF TABLES

Table	Page
Table 2.1	World Cassava production.....11
Table 2.2	World export of Cassava production (product of chips and pellets)12
Table 2.3	Crop production (%) in agricultural land in Cambodia13
Table 2.4	Main pest and disease pressures in Southeast Asian cassava16
Table 2.5	Average nutrient removal (kg/ha and kg/t harvested product)17
Table 2.6	Demand for cassava production in Cambodia 200920
Table 2.7	Cassava exports from Cambodia to other countries in 201621
Table 2.8	Use of labor in farm production by crop, Cambodia, 2005 and 201326
Table 2.9	Cost of cassava production in Asia.....27
Table 2.10	Cost of cassava production in Cambodia.....28
Table 3.1	Number of household samples in each target villages.....33
Table 3.2	Sample respondents in cassava value chain.....33
Table 4.1	Household demographic of cassava farmers.....41
Table 4.2	Land size of cassava farming.....45
Table 4.3	Households size of cassava farmers.....45
Table 4.4	Farming experiences of cassava farmers46
Table 4.5	Distribution of fresh roots and dried chips of cassava.....56
Table 4.6	Distribution of yield group and yield gap for fresh root cassava 58
Table 4.7	The regression analysis of the determinants of cassava yield 59
Table 4.8	Distribution of sell prices of cassava farmers62
Table 4.9	Distribution of price group and price gap of cassava farmers62

LIST OF TABLES (Cont.)

Table	Page
Table 4.10 Distribution of depreciation in the fresh root cassava production	64
Table 4.11 Distribution of cost production of fresh root cassava.	66
Table 4.12 Major indicator analysis of fresh cassava per hectare.	70
Table 4.13 Major indicator analysis of the transporter chain per ton	74
Table 4.14 Major indicator analysis of fresh cassava (1 ton) to dried chips.....	76
Table 4.15 SWOT analysis on cassava farmers.....	81

LIST OF FIGURES

Figure	Page
Figure 1.1	The main constraints for Cambodian smallholders in the value chain4
Figure 2.2	Map of Cassava Mosaic Disease (CMD) in South East Asian15
Figure 2.3	Demonstrates yield decline over an eight year period in Thailand.....18
Figure 2.4	Cambodian cassava exports major markets, 2013-2016.....21
Figure 2.5	Four links in a simple value chain22
Figure 2.6	The Cassava Marketing mapping, Pailin Province, 201425
Figure 2.7	Breakeven Point in dried chip Pursat Province, Cambodia, 201726
Figure 3.1	Study area (Battambang and Pailin province).31
Figure 3.2	Four links in the research design on value chain35
Figure 4.1	Cambodia-Thai border cassava value chain map.....40
Figure 4.2	Education level of head households' cassava farmers42
Figure 4.3	Sources of the land for the cassava households43
Figure 4.4	Frequency and percentage of plowing on cassava farms47
Figure 4.5	Land used for cassava farming in both provinces.....48
Figure 4.6	Varieties of cassava in study area49
Figure 4.7	Frequency and percentage of cassava farming in both provinces.....50
Figure 4.8	Frequency and percentage of fertilizers usage by cassava farmers51
Figure 4.9	Frequency and percentage of liquid fertilizer used by cassava farmers. .52
Figure 4.10	The ways of controlling weed by cassava farmers.54
Figure 4.11	Ways of pest control of cassava farmers.....55
Figure 4.12	The capital sources of cassava farmers63
Figure 4.13	The structure cost production of dried chip's cassava farmers.....68

LIST OF FIGURES (Cont.)

Figure	Page
Figure 4.14 The proportion of each cost item to the total revenue	72
Figure 4.15 The breakeven point of fresh cassava production.....	73
Figure 4.16 The breakeven point of dried chip cassava production.....	73
Figure 4.17 The percentage of value added shared among the stakeholders	77
Figure 4.18 The percentage gross of profit share among the stakeholders	78
Figure 4.19 The percentage of net profit shared among the stakeholders.....	78
Figure 4.20 Representation of the percentage of constraints before planting	79
Figure 4.21 Representation of the percentage of constraints during farming	80
Figure 4.22 Representation of the percentage of constraints during harvesting	80

LIST OF ABBREVIATIONS

AFSIS	ASEAN Food Security Information System
CAVAC	Cambodia Agricultural Value Chain
CIAT	International Centre for Tropical Agriculture
DFID	Department for International Development
FAO	Food and Agriculture Organization of the United Nations
FAOSTAT	Food and Agriculture Organization of the United Nations, Statistics
GIZ	Deutsche Gesellschaft für Internationale Zusammenarbeit (German Development Organization)
IBC	Inclusive Business for promoting sustainable Cassava smallholders project
IPNI	International Plant Nutrition Institute
KHR	Khmer Riel (Cambodian currency)
KII	Key Information Interviews
MAFF	Ministry of Agriculture, Forestry and Fisheries
MIH	Ministry of Industry and Handicraft
NBC	National Bank of Cambodia
NIS	National Institute of Statistics
OAE	Office of Agriculture Economics
OECD	Organization for Economic Cooperation and Development
RDI	Research and Development Institute
SNV	Netherlands Development Organization
SWOT	Strengths, Weaknesses, Opportunities and Threats
THB	Thai Baht (Thai currency)
UBB	University of Battambang, Cambodia
UNDP	United Nations Development Program
USD	United States Dollar (America currency)
